

## Company

SECARDEO GmbH is a provider of enterprise solutions with digital signatures and certificates. Therefore SECARDEO offers competent consulting, pathbreaking products and integrated solutions. SECARDEO helps to advance the security, to reduce the costs and to cap compliance requirements. SECARDEO is founded in 2001 by Dr.-Ing. Gunnar Jacobson and has successfully conducted a multiplicity of requirement and realization projects since then. SECARDEO addresses the upper-middle class as well as public authorities and international groups.

## Public Key Infrastructures (PKI)

SECARDEO supports your PKI conversion with

- PKI workshops & seminars
- Conception and realization of a PKI with
- Windows Certificate Services or OpenCA
- Integration with card/ token management systems
- Efficient certificate registration processes (CertRA, Autoenrollment)
- Solutions for PKI-interworking and user transparent certificate search (certBroker, certProxy)
- Assistance in usage and support of a PKI

The graphic features the SECARDEO logo in blue text on a light blue background. Below the logo, the tagline 'TRUSTED E-BUSINESS ARCHITECTS' is written in smaller blue letters. To the right, three bullet points list services: 'Windows PKI', 'PDF signature', and 'E- invoices'. Below the text, there are three dark, smooth stones. The bottom half of the graphic has an orange background with white text providing contact details for Secardeo GmbH, including address, phone, fax, website, and email.
